

# SAMAKSH SAXENA

Mahagun Mascot, Crossing Republik

+918279960179 email@gmail.com linkedin.com/in/ASXSAX github.com/usernameXSASX  
PortfolioJXSAXASX

## TECHNICAL SKILLS

Developer Tools: Arduino IDE, BLYNK IOT, Firebase, MATLAB, Proteus, LT Spice,

Skills: Embedded Programming & Firmware, Hardware Integration, C language, Circuit simulation

## INTERSHIPS

### Embedded Intern

March 2025 – Present

*Humble Bee @ Buzzworthy*

Hybrid

- Developing real-time signal processing solutions using ESP32 for embedded applications
- Implementing audio signal acquisition and preprocessing using ADC and filtering techniques

## PROJECTS

### ARDUMIST (Portable Humidifier)

May 2024

- Developed a portable humidifier using an Arduino UNO microcontroller to maintain room humidity levels above 75%
- Integrated a DHT sensor for real-time humidity monitoring and an ultrasonic vibration mechanism for water spray

## ACHIEVEMENTS

- GATE 2025 - Qualified in Electronics & Communication
- IIT JEE TOPPER AIR 1

## CERTIFICATES

**The Complete Python Developer** – Udemey

Oct 2023-Nov 2023

## EXTRACURRICULAR

### Camp Coordinator – Light De Literacy (NGO Initiative)

Dec 2022 – Present

- Educating 50+ underprivileged students in slum areas on STEM subjects

## LANGUAGES

English, Hindi, SPANISH
